

Entry & Exit Regulations – City Eye Compound

To enhance security, organization, and smooth traffic flow within **City Eye Compound**, the following entry and exit rules have been established for all residents, visitors, and service providers.

1. Gate System Organization

The compound operates **four main gates**, each assigned a specific purpose:

Gate (1) – Residents & Owners Entry

- Dedicated for entry of owners and registered residents only.
 - Access is allowed via the approved system (QR code / access card / unit verification).
 - Visitors and service providers are not permitted through this gate.
-

Gate (2) – Residents & Owners Exit

- Dedicated exclusively for exit of owners and residents.
 - Entry is strictly prohibited.
 - All exits are digitally recorded in the system.
-

Gate (3) – Tenants & Service Access

- Used for registered tenants.
 - Also designated for:
 - Workers
 - Technicians
 - Service providers
 - All entries and exits must be registered by security.
-

Gate (4) – Visitors Gate

- Fully dedicated to all types of visitors.
 - Each visitor must have a pre-issued or on-arrival QR code.
 - All visitor movements (entry & exit) are managed exclusively through this gate.
-

2. Visitor Rules

- A QR code must be issued in advance by the unit owner/resident.
 - No visitor is allowed entry without a valid QR code or security registration.
 - Security has the right to verify identity when required.
 - All visits are logged in the system including entry and exit times.
-

3. Delivery Services (Food & Pharmacy)

- Delivery personnel must be registered at the gate by security.
 - A notification is sent to the resident upon driver entry.
 - Entry is allowed strictly for delivery purposes only.
 - The delivery agent must leave immediately after completing the task.
-

4. Furniture Moving Services

- Requires prior approval and official permission.
 - Entry and exit times must be pre-scheduled.
 - All worker and company details are recorded at the gate.
 - Entry is allowed only during approved time slots.
-

5. Uber & Ride-Hailing Services

- If a QR code is provided in advance → direct entry is allowed.
 - If no QR code is available → driver details are registered at the gate.
 - Entry is limited strictly to pickup or drop-off purposes.
 - The resident receives a notification upon vehicle entry.
-

6. Construction & Building Permits

- Entry requires official approval from management.
 - A valid **permit sticker or digital authorization** must be issued.
 - No entry is allowed without a valid permit.
 - Work schedules and access times must be predefined.
 - Any violation may result in immediate permit suspension.
-

7. Maintenance Services

Working Hours by Maintenance Type:

-  Light Maintenance (Electrical, Plumbing, Internet):
 - 9:00 AM – 6:00 PM
 -  In-unit Maintenance:
 - 10:00 AM – 5:00 PM
 -  Heavy Maintenance / External Works:
 - Allowed only with prior approval and scheduling
-

8. General Rules

- These regulations aim to enhance safety, security, and operational efficiency.
- Security management reserves the right to deny entry to any individual who violates rules.
- All residents, visitors, and service providers must comply with gate instructions.
- Misuse of QR codes, permits, or access rights may result in administrative action.
- The system may be updated periodically to improve operations and security.
